

Adventurers Association Pin

The **CANDLE** is there to shine brightly, lighting our way. It reminds us that God is with us always: to light our way, to watch over us and to guide us in all our adventures, great or small.

The **BOOK** reminds us that through reading we can travel anywhere; we can gain knowledge; an entire universe is ours to explore; our adventure awaits.

The **BOOKMARK** marks the intersection of fond memories lovingly recorded and new adventures waiting to be inscribed on empty pages.

The **GLOBE** reminds us that there is a whole world to explore. It entices us to explore new places and new cultures which in turn leads us to a better understanding of ourselves and all our Sisters and Brothers around the world.

The **SPYGLASS** helps us to focus and have a clearer vision in our adventure through this labyrinth of human life.

Our beloved **EASTERN STAR** reminds us that wherever our adventures take us we must ever remain faithful to our tenants of Charity, Truth, and Loving Kindness.

Overarching all, is our banner inscribed with "**The Adventurers**". We hope you all will join us in our extraordinary and inspiring adventure.

Todd's Pin

While traveling the state with Colleen when she was running for AGC I thought if I ever ran for GS what would my fun pin be. I definitely didn't have to think too long about this. It's something that I have loved since I was a teenager. The subject of my fun pin, made in 1950 to 1967 for the first generation, the second generation 1967 to 1979 and the epitome of adventure in the 70's. It represents a generation that hit the road to go surfing, camping or to a music festival called Woodstock. With the love of camping from the time I was in cub scouts I chose to lean towards this item in a mountain scene with purple mountains, pine trees, my favorite color of blue and the Big Dipper.

Fun Pin

The gilded pineapple throughout history has represented hospitality. It is a reminder to be kind, thoughtful, welcoming, and caring of others.

Flowers

"Hugging" the pineapple are my four flowers each with special meanings. The **Pink Hibiscus** to remind me of our home in Brazil, the **Purple Pansy** to honor my mom, the **Lily of the Valley** to honor the station of Ruth and the **Fern** to honor the station of Martha.

Colors

Picture a sunset at the beach... beautiful, tranquil, and hopeful. We gaze out to the calm **turquoise** sea, the sky is a wonderful shade of **dusty rose** as it meets the **golden** horizon, and then slips into a night sky of **deep purple**.

Adventurers

Life is a journey... (we have heard that said again and again) and each part of that journey is an occasion to explore. We venture into life with great anticipation and excitement. We become searchers, seekers, and speculators as we travel our path. Each scene is played out before us, and each escapade is new and exciting. As with life, our Eastern Star path is filled with circumstances that move us. We learn from past experiences, we grow as we emulate our leaders, we take care of our Sisters and Brothers, we share our talents and knowledge with others, and we express our love for each other in so many ways; then we take all that into the future with us to continue to make our journey useful and worthwhile. At every turn there is something exciting waiting for us to embrace. We are all **ADVENTURERS**, and you are invited to share in this wonderful adventure with us!
